

# Entervan® Features

## Entervan® 2011 Chrysler/Dodge Chassis Power or Manual Conversion

See back of this guide for chassis requirements.

### Lowered Floor

10" lower than conventional minivans, the floor is lowered from the toe pan to the rear axle and provides a choice of three wheelchair securement positions.

### Automatic Door (Power Conversion)

The OEM Chrysler power door operator opens the sliding door at the touch of a button. A manual conversion is also available.

### Automatic Ramp (Power Conversion)

The lightweight power foldout ramp offers unparalleled ease of access for wheelchair and scooter users. A manual conversion is also available.

### Custom Ground Effects

Adds stylish lines and enhances smooth OEM appearance. Optional Step Flare available.

### Automatic Kneeling Rear Suspension (Power Conversion)

The vehicle features a kneeling system to make boarding even easier. An actuator lowers the rear suspension while the door opens, which reduces the slope of the automatic ramp. The system can be de-activated when desired with the on/off switch.

### Integrated Keyfob Remote (Power Conversion)

Control of the vehicle's accessible features is built into the Chrysler keyfob remote. Quick-touch operation assures simple, convenient and reliable operation. Two keyfobs are included with the vehicle. Additional keyfob optional.

### Fold-Down Footrest

Adds comfort for backseat passengers and folds away automatically.

### OEM-Style Switches (Power Conversion)

Operational switches are conveniently located throughout the interior for wheelchair users' convenience. The switches match the OEM style and appearance.

### "Step & Roll" Front Passenger Seats

The driver and passenger seats can be easily removed to provide wheelchair securement positions in the front of the vehicle.

### Rear Cargo Area

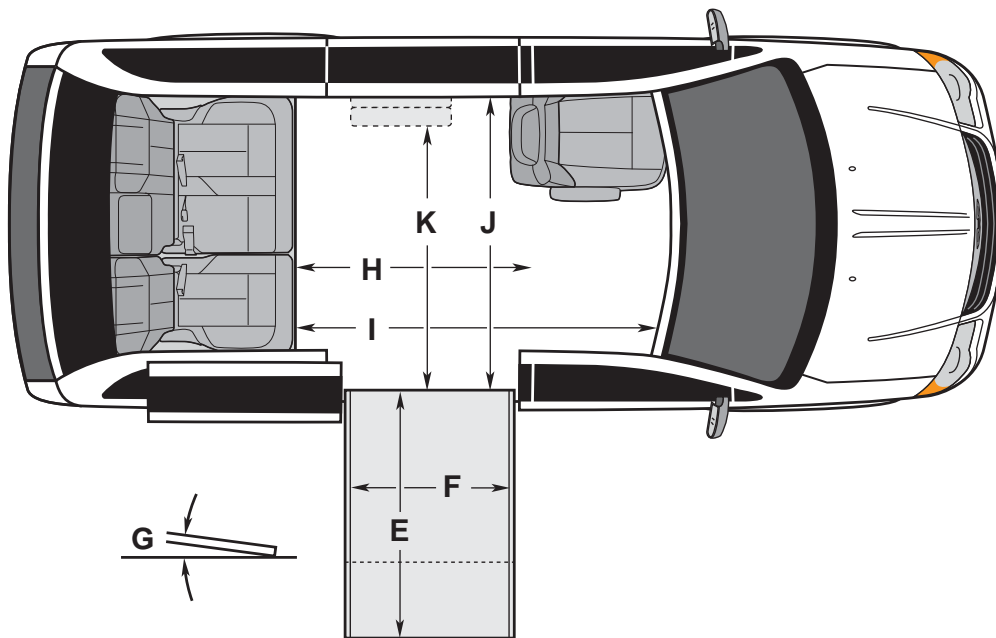

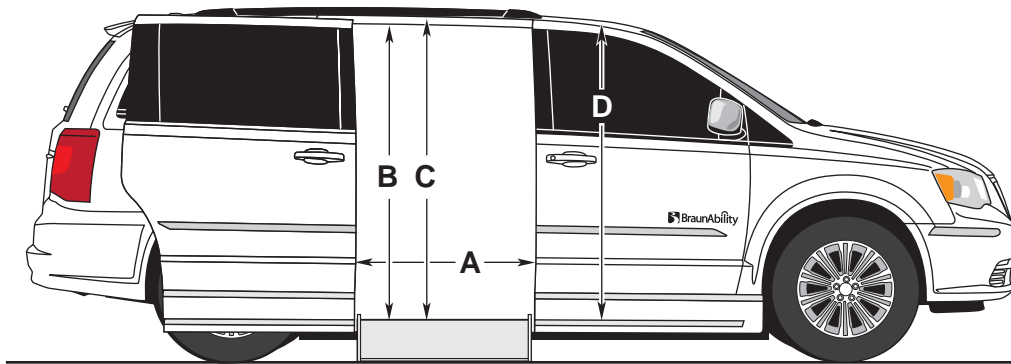

Two under-floor storage compartments keep the spare tire and other essentials out of your way until needed.

### Wheelchair/Occupant Securement System

One belt system is included for use with the floor-mounted tracks.

# Entervan® Dimensions

All dimensions are for reference only.

		<b>Foldout Ramp</b>
Door Opening Usable Width (Slide Door)	<b>A</b>	<b>31-1/2"</b>
