

BraunAbility

Because Life is a Moving Experience®

Honda Entervan®

With the addition of the 2010 Honda Odyssey Entervan®, BraunAbility now offers its lowered floor conversion on each of the three major minivan chassis on the market.

The newest member of the fleet offers the same accessibility and convenience of every BraunAbility vehicle - the automatic kneeling system lowers the rear suspension and allows for a low ramp slope and 54-3/8" of sliding door height. As always, the lightweight aluminum side-entry ramp folds out for convenient and easy wheelchair or scooter access.

With its sleek exterior and impressive interior options, this is just one more option to complement an already diverse product line-up!

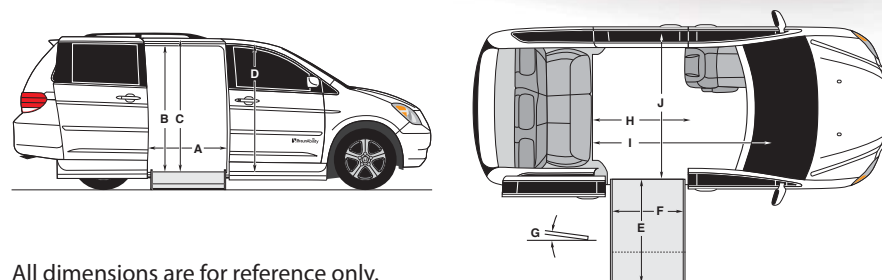

1-800-THE-LIFT® • 1-800-843-5438
